Disclosures / Forward-looking Statements

This presentation includes “forward-looking statements.” Such forward-looking statements are based on management’s current expectations and involve known and unknown risks, uncertainties and other factors that may cause the Company’s actual results to be materially different from those expressed or implied by such forward-looking statements. Such factors include, among others, the following: the impact of healthcare reform legislation, the enactment of additional federal and state healthcare reform, and the related effect on reimbursement and utilization and the future designs of provider networks and insurance plans, including pricing, provider participation, coverage, co-pays and deductibles; other changes in federal, state and local laws and regulations affecting the healthcare industry; general economic and business conditions, both nationally and regionally; adverse litigation or regulatory developments; the ability to enter into managed care provider arrangements on acceptable terms; changes in Medicare and Medicaid payments or reimbursement practices; competition; our success in implementing our business development plans and integrating newly acquired businesses; our ability to hire and retain qualified personnel; the impact of a national or localized outbreak of a highly contagious or epidemic disease; our significant indebtedness; the availability and terms of capital to fund the expansion of our business, including the acquisition of additional facilities; the ability to continue to expand and realize earnings contributions from the revenue cycle management, health care information management, capitation management, and patient communications services businesses under our Conifer Health Solutions subsidiary by marketing these services to third-party hospitals and other healthcare-related entities; our ability to realize fully or at all the anticipated benefits of our merger with Vanguard Health Systems, Inc. (“Vanguard”) and to successfully integrate the operations of the Company’s and Vanguard’s businesses; and our ability to identify and execute on measures designed to save or control costs or streamline operations. These and other risks and uncertainties are discussed in the Company’s filings with the Securities and Exchange Commission, including the Company’s annual report on Form 10-K and quarterly reports on Form 10-Q. We disclaim any obligation to update any forward-looking statement in this presentation, whether as a result of changes in underlying factors, new information, future events or otherwise.

A reconciliation of Adjusted EBITDA to net income (loss) attributable to Tenet common shareholders is included in the financial tables at the end of the Company’s press release dated January 12, 2015.
